

Lib Dem 48%

Tory 33%

**Labour
5.6%**

**% of votes cast in
St Andrews Ward
2011 Town Council
elections.**

Lib Dems Deliver! In Government the Lib Dems have:-

- ✓ Taken 2 million low paid workers out of paying income tax.
 - ✓ Given 21 million working people a £550 'money in your pocket' tax boost.
 - ✓ Manor Field School has received over £33,000 under the Pupil Premium scheme.
 - ✓ Largest ever increase in the State Pension.
-
- ✗ The Tories wasted £30,000 developing a car parking policy and then failed to introduce it.
 - ✗ Under the Tories we have seen our local businesses fail and shops remain empty for years.
 - ✗ Our children's lives are put at risk every time they go to school because of 'couldn't care less' parking.

**Roger
Cartwright**

on 31st May

3 THINGS TO REMEMBER

- ✓ This election is about **YOUR** local council and **YOUR** community. It's not about the national government or the Euro.
- ✓ Local Lib Dems for a generation worked to make Burgess Hill a vibrant town.
- ✓ Lib Dems have a clear agenda for improving St Andrew's Ward and restoring Burgess Hill. See inside.

The Lib Dem Agenda for St Andrews Ward

And the man to take it on!

Keymer Tile Works

Developers want to turn this into housing. We say make it into a country park.

PUBLIC TRANSPORT

We need more, regular cheaper buses to make travel to the town centre easier and reduce car traffic.

GREEN CIRCLE

STOP Lewes District Council building houses on our NE border, destroying the Green Circle and trees. They do this without giving any money to Burgess Hill. Theobalds is built, with more to come, unless we act.

WIVELSFIELD STATION

Get Network Rail to develop land next to the station for commuter parking and free up our roads.

PARKING

Low charge for the first hour and machines that give change - boost our town centre shops.

SPORTS

More activity outside for young people - football, tennis, basketball, table tennis.

SAFETY

Slow down the traffic through rat runs and put a crossing for kids and parents going to Manor Field School.

DO WE WANT A MAYOR?

The Tories appointed one of themselves as mayor without asking us voters. Lib Dems voted against. Scrap the regalia and get working.

IT'S MORE THAN BRICKS & MORTAR

We want to build a community that cares for people and provides a good place to live.

RECREATION

St Andrews has only 16% of the national standard for open space. There has been no new open space in St Andrews since 1988!

Our priority is to provide more. Opportunities to do this are there.

TOWN CENTRE

Regenerate and smarten up the town centre but retain its character - like keeping our cinema and good quality shops.

THE MAN

Roger Cartwright has lived in Burgess Hill for 14 years with wife Lesley and daughter Emma and son Tom.

He has a passion for the Town and likes to contribute to the local community. With experience in running a youth club, a community centre, and a drop-in centre for 'latch-key' children, he has some unique experience to bring to St Andrew's Ward and Burgess Hill town. As a board member of Relate he was able to contribute significantly to its work.

Roger is a qualified accountant and has a range of management skills. "Roger has the experience and life skills we need in St Andrews," says Ward District & Town Cllr Denis Jones.

"We need hands-on and strategic experience, not someone starting their political career - time is too short in our ward for that."

POLLING DAY: THURSDAY 31st May
Polling Station: Rider Hall, Cants Lane
